

HISTORIC PATHWAYS WALK Wednesday 16th April 2014

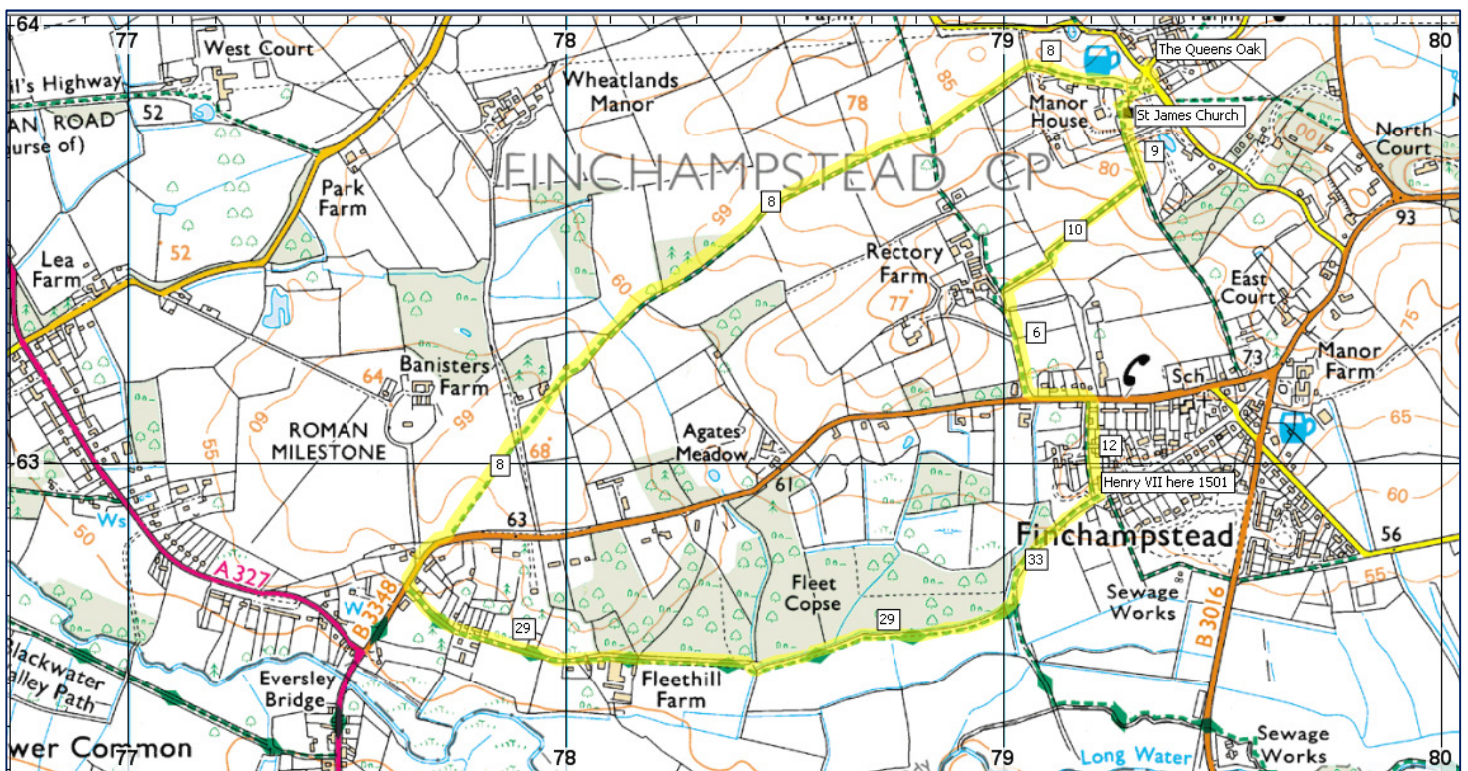

Richard and I are intending to start our 3.5 mile circular walk in the Finchampstead area on Wednesday 16th April 2014 departing at 10.30am. Grid Reference SU 793 638 (OS Landranger sheet 175)

Predominantly flat easy walking with a short ascent near the end and a couple of stiles.

A map of the route is attached below. The route is highlighted in yellow and the numbers in square boxes are the definitive path numbers.

The walk will commence from the village green by St James Church and finish at the nearby Queens Oak pub taking in some of the history of the area en route. An information sheet identifying the main historical features of the walk will be provided on the day.

If you wish to lunch at the pub at the end please let Bidy know as she will reserve tables and you will then be permitted to park in the small pub car park. Alternatively parking is possible around the village green. Car sharing to restrict the number of cars to find a parking place would be helpful.

The post code for the Queens Oak is RG40 4LS for sat nav settings.
