ENGLISH SOCIAL HISTORY
Post Roman, Anglo Saxon and Norman - Study Day
Information Leaflet

Friday 9th March 2012

**Adams Park Conference Centre, Adams Park,
Hillbottom Road, Sands, High Wycombe, Bucks, HP12 4HJ.**

English Social History has changed dramatically over the centuries. Social history provides a rich and varied insight into many aspects of daily life; the working life, living conditions, trade, travel and commerce; customs and dress, manners & morals, relaxation and entertainment; social mobility, education, legal systems and the nature and role of religious beliefs. The TVN has been extremely lucky to get Trevor Rowley a founding Fellow of Kellogg College, University of Oxford to talk to us about 3 periods in English Social History:- Post Roman, Anglo Saxon and Norman. Trevor is well known as an excellent presenter, is the author of many books, and is willing to talk to us at a high level about these periods. He will talk for about 1 hour on each topic, leaving half an hour for questions
